In today's legal environment, arbitration, mediation, and alternative dispute resolution (ADR) techniques are increasingly attractive ways to resolve disputes in a timely, cost-effective manner. To meet your needs, our Mediation, Arbitration, and ADR Group not only represents parties involved in the process, but also provides a highly effective Toronto ADR service as mediators and arbitrators.

Services

As well as successfully resolving many private commercial disputes, our Mediation, Arbitration, and ADR Group has resolved hundreds of private and court-annexed mediation disputes. These include:

- Personal injury
- Professional liability
- Wrongful dismissal
- Franchise and corporate disputes
- Insurance coverage disputes
- Defamation

Our recent office expansion and renovation have added facilities specifically designed for our arbitration and mediation work, including various sizes of boardrooms with adjacent breakout rooms, many wired for advanced telecommunications and the internet. These facilities enable us to customize our ADR services for disputes of varying size and complexity.
