

ESTATE & TRUST

Disputes over the distribution of estates and the exercise of powers of attorney can be some of the most emotional and expensive legal disputes. Our team of estate and trust advocates are experienced in dealing with these cases and ensuring that we quickly analyse the issues and find a path to a resolution to negate both the costs and emotions.

Our goal is to resolve our client's issues quickly and efficiently, ensuring the best and most expeditious result.

Our clients include individuals and corporations in all types of cases involving estates, trusts and powers of attorney. We also work with executors and estate trustees to help protect them from liability.

As a boutique litigation firm, we have top litigators to represent you if the matter goes to court. As well as litigation, we offer mediation and administration services.
